

Internships at the Archives

- [1]

Sharing your skills, talents, and experiences as a volunteer is one of the most precious gifts you can make to Centro. Throughout the years, the Library and Archives has benefited from the contributions of a number of special individuals who have been willing to give of their time and expertise to help us achieve our goals. Their discipline, commitment, willingness, and generosity have proven to be as valuable as any monetary contribution. Our volunteers come from all walks of life and have worked on a variety of archival projects.

We work with students who may need to receive academic credit, through the use of an internship. We welcome students who are interested in translating, transcribing, or focusing on archival or library work.

For more information please contact:
