## Bibliographies

### Bibliography Series

A major goal of the Center for Puerto Rican Studies is to encourage research in the field of Puerto Rican Studies in the mainland by disseminating information on the primary and secondary sources in the field in the form of bibliographies. The bibliographies are prepared by researchers and librarians at Centro.

Although the bibliographies are available online to everybody, access to the full texts may be restricted to CUNY affiliates. Those that cannot access the full text can obtain the materials in their local library or by Interlibrary Loan system available at most academic and public libraries. If you are unable to obtain the materials through these venues, you can email us to request copies of documents at [centro.library@hunter.cuny.edu](mailto:centro.library@hunter.cuny.edu) [2]. We will copy the materials for you in compliance with the copyright laws. Photocopies are 25 cents each.
