

Bibliography Series

_ [1]

A major goal of the Center for Puerto Rican Studies is to encourage research in the field of Puerto Rican Studies in the mainland by disseminating information on the primary and secondary sources in the field in the form of bibliographies. The bibliographies are prepared by researchers and librarians at Centro.

Although the bibliographies are available online to everybody, access to the full texts may be restricted to CUNY affiliates. Those that cannot access the full text can obtain the materials by visiting Centro library, their local library or by Interlibrary Loan system available at most academic and public libraries.
